Where ever you are, What ever the job.
Make it a Maruyama Brush cutter.

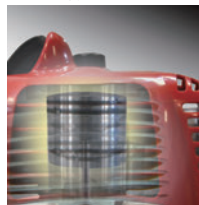

New Gear Case

The all new gear case with a revised upsized gear wheel, provides more durability and resistance for more demanding jobs.

Anti Vibration System

Using oversized volumetric anti-vibration dampers that reduce overall vibration during operation.

High Torque Engine

MARUYAMA NE500 is engineered with high compression ratio resulting in higher torque and power.

E-Harness

Full support harness for less fatigue and comfortable operation. Utility pouch on the left side to keep loose or important items.
